

SunBriteTV[®]

Commercial Outdoor Digital Signage
for an Interactive World

Today's consumers expect and demand entertainment and information anytime and anywhere. For venue operators, this means engaging patrons with full-motion video, high resolution graphics, and compelling interactive content. With the introduction of SunBriteTV displays and digital signage products, outdoor venues now have a time-tested weatherproof digital signage display to entertain, engage, and interact with their clients - at an affordable cost.

With four separate product series, sizes ranging from 32" up to 84", portrait and landscape orientations, and touchscreen options, SunBriteTV offers the most comprehensive range of outdoor display products in the industry. Whether for entertainment, advertising, information, or point of sale transactions - SunBriteTV has an outdoor display solution for every outdoor venue.
